

2017 State of the Community Address

The 2017 State of the Community Address took place on Wednesday, February 1st at the Saukville American Legion Landt-Thiel Post. Attendees enjoyed a great meal, catered by our own Messina's Italian Restaurant, and listened to important updates from Village President Barb Dickmann, School Board Vice President Brenda Fritsch, County Supervisor Lee Schlengvogt, and State Representative Rob Brooks.

This is a very important annual event that truly connects business, community and government. A very special thank you to everyone that came out to support our event and our mission.
